

**Beautiful You Permanent Cosmetics**  
**Skin Imperfection Post-Procedure Instructions**

1. Healing time is short, from a few days to a few weeks. This varies on the size and the type of the skin irregularity removed. After treatment the area may be irritated, turn red and scabs will appear. The scabs will slough off on their own.
2. To reduce and minimize healing period it is important to follow all post treatment instructions carefully.
  - Do not remove the scabs as this may cause hyperpigmentation. The scabs will fall or disappear within 4 – 10 days usually.
  - Apply antiseptic and antibacterial lotion after treatment is done.
  - Keep the area dry.
  - Avoid exposure to sun light at least 3 days after treatment.
  - Do not wear makeup for 24 hours.
  - Use sun block on the affected area after the first 24 hours.
  - Do not apply peeling or whitening products to the treated area for at least 3 weeks.
3. Some skin imperfections may need an additional treatment to be fully removed.
